ENCLOSURES (NO. & TYPE)

REMARKS [redacted]

25X1

1. The airfield is 6 km east-northeast of Chynorany Partyzanske formerly called Batovany, (P 49/T 75), between the railroad line and the Nitra River. The field is level and about 800 x 1,500 meters. Its loamy soil has a broken stone layer and is covered with grass. Some temporary wooden buildings, used as workshops, and a brick hangar about 15 x 40 meters were at the field. *
2. The field was occupied by about eight aircraft of Aero-45, Sokol, Nordsman, Cap, and Piper types, which belonged to the Partyzanske factory. Contest gliding at the field was conducted by the Aeroclub. **
3. There was intensive flying activity at the field throughout the year. **

25X1

* [redacted] Comment. The information on the size and location of the field is correct. [redacted]. The status of the field, the brick hangar and temporary wooden buildings are reported for the first time.

25X1

** [redacted] Comment. The field is apparently used by sports planes. According to press reports, the field was opened on 24 August 1947.
